Edison Boat Club is like a shining beacon of light from a lighthouse. Guiding our members, family, friends, and community for 108 years. We have those who came before us to thank and an obligation to carry their hope and ours into the future. We will be continuing our sailing programs on Thursday nights at Grayhaven State Harbor. Come on down and join us. You can help us by volunteering to skipper or just come on down and cheer us on. The tradition of the Officers Tea and the Commodore's Ball will live on this year as well. A Family Picnic and various Pop Up get togethers are also on the agenda. More details on those to follow. As always this is your club. Let us make it the best. Our strengths are Tradition, Members, and Family. We will bring these out in full force this year! Do the three 'Ps' for your club. Participate, Participate, Participate. See you near and out on the water.

Your Commodore,

John

This first edition of the renewed NewsBuoy is being sent to an extended audience: To recent past members, as well as current members. It's important for all those in the EBC community to know that 2022 is the year EBC comes fully back to life after two years in pandemic-induced hibernation. It's going to be a great year and we want **all** of our friends to be a part of it.

Those of you who've already renewed your membership for 2022, you get a gold star.

Those of you 2021 members who haven't yet renewed your membership, it's time you get to it.

For members we might have lost along the way since 2019, your application to re-join is pre-approved—just indicate your interest and we'll send the membership materials out to you. The best way to do this is to e-mail us at edisonboatclub@gmail.com or call a Board member that you know.

Renew soon to attend the May 22, 2022 Officers Tea as a member

Believe it or not, Spring is here—so get moving!

Financial Report from Treasurer David Spiers:

To date the Club is in a good financial state. We have approved a budget for the calendar year. While we are running at a deficit, we are planning to trim some expenses. These include the future of the EBC IV, finding a permanent home for the Club and Advertising for increasing our membership. With the membership open to all US and Ontario residents we need the current members to encourage others to join the Club. If every member brought in a new member, we would double our following and make our events even more worthwhile. The membership is the strength heart and soul of our Club. Please participate in this effort. Yours respectively, P/C David Spiers

Member and Other News

EBC Represented at Midwinter National Regatta. Eaton Kelly, boat 56, captained by Paul Lee and his son Elliot shown on the water March 23, 2022. They raced in the Championship class finishing 10th of 28 racers in high winds.

Congratulations!
